

DR. SIDDHESWAR SEN MEMORIAL SHISHU MANDIR

16/96, Mall Road Kanpur - 208001
(ESTD. 1966)

This **CBSE pattern** primary-cum-junior school has been imparting education to thousands of **girls and boys** since half a century now. It was a pioneer in the field of primary or preparatory schools for small children back then. Since the inter college was from class 6th, the private education at homes through untrained tutors and guardians failed to make the base for middle school education. Thus, Shishu Mandir came into being with the purpose of laying a solid foundation in all subjects and also personality building through co-curricular activities and sports to equip the student with all the fundamental prerequisites necessary to excel in middle school and board classes.

After class 5, boys get selected into prominent schools of Kanpur and girls move on to inter college and ace their exams there due to the rigorous preparations here. Our cultural functions and sports events are widely applauded and revered.
